

This is a handicap spot for a person who cannot walk long distances due to an injury or disease. Just because you cannot see a disability does not mean that person is not disabled. Before confronting a person check to see if they have a valid placard or license plate.

These are handicap placard and a handicap license plate. When a person has this it means they are disabled and can legally park in a handicap parking spot.

# WALL OF SHAME

These are handicap placard and a handicap license plate. When a person has this it means they are disabled and can legally park in a handicap parking spot.

This is a handicap spot for a person who cannot walk long distances due to an injury or disease. Just because you cannot see a disability does not mean that person is not disabled. Before confronting a person, check to see if they have a valid placard or license plate.

Sometimes when there is no handicap parking a disabled person is forced to park in 2 spots.
