A
GUIDE TO

ACCESSIBLE PARKING

This is a guide to accessible parking
I wrote this because I am disabled.
Nothing is more frustrating than
trying to go some where and you cannot
because you are unable to park.
The ADA requires accessible
parking to support the independence
of People Living with Disabilities (PLD).
Without it we cannot go to work, go
to the grocery store, or simply
socialize. Sometimes I notice PLD
parking illegally. It's not any body's
fault because there is no information
to educate us. Not even the DMV
informs us except to tell us it is
illegal. I thought explaining it
would help. Knowledge is power
after all. Figure we are all on this
big ride called life together. Why
not let us all join in. 😊
